

CHAPITRE **2**

# Bienvenue à Chartres!

Level 2

## Avant d'explorer

The Leblanc family is going to move. They are looking for a house or apartment with at least two bedrooms to rent or buy in the Paris region. By doing these activities, you will help them find their new home.

- A.** Before you begin to find a new home for the Leblanc family, think about how you would find a new home in your own town. What words would you search for on the Internet? How do you think finding a home in the Paris region would be different?
